

MONASH MEDICAL ORCHESTRA
Since 2011

The Monash Medical Orchestra Patrons Program offers an opportunity for members of our community to invest in the future of the orchestra. MMO is going from strength to strength and your patronage allows us to build the ensemble and give medical students the chance to continue their musical endeavours alongside their medical studies.

About the Orchestra

Founded in 2011, MMO is a not-for-profit ensemble that is fully run for, and by, Monash University Medical students who wish to continue their passion in music. We strive to:

- Put on concerts of high artistic and musical quality
- Foster creativity amidst a busy study schedule
- Support our local community through charity work

Our short term goals include:

- Purchasing new sheet music to perform at our concerts
- Purchasing small assets eg. double bass stools and music stands (from 30 to 70!)

Our long term goals include:

- Purchasing a full set of timpani
- Purchasing large instruments such as french horns and tubas to bolster participation from students
- Tour the state and country to share our music
